For SSP to be paid, a PIW (period of incapacity for work) of at least 4 days continuous sickness (including non-working days, eg week-ends) must be formed.

The first 3 working days are Waiting Days and do not qualify for SSP, unless the PIW links to a previous qualifying PIW ending not more than 56 days earlier.Only 3 WD's are available in a PIW or across all linked PIW's.

Thereafter, SSP is paid for the Working Days off sick.

The daily rate is the weekly rate divided by the number of normal Working Days in the week,for up to 28 weeks

There are many other rules - please refer to HMRC booklet CA30.
